Shifts from Verdun Front to Russian Line in East

NO INFANTRY FIGHTING ON FRENCH LINE

But Artillery Continues Activity in Argonne

BERLIN CLAIMS SUCCESS

In vicinity of Haucourt and Says Vicious Assaults of Russians Have Been Repulsed But Admits Hard Fighting and Heavy Losses—Submarines Destroy Two More Steamers

The lull in the infantry fighting in the Verdun region of France continues, the artillery, however, keeping up its active work. The French guns have been energetically cannonading the German positions in the Malancourt wood, on the edge of the Argonne, northwest of Verdun. The intention, apparently, is to break up an anticipated attempt of the Germans to debouch from this cover and make further efforts to advance southward toward the main line Paris-Verdun railway, some 4 1-2 miles distant. East of the Meuse the German bombardment appears to have diminished in intensity, only intermittent firing being reported in the vicinity of Douaumont and Dambloup and in the Woivre region.

Although the Verdun battle holds the center of attention, scarcely less interest is being aroused by the determined attacks of the Russians on the German northern front in the east. Berlin admits no permanent successes for the Russian troops, but the Petrograd statements continue to claim advantages gained at various points, both northwest of Divinsk in the Jacobstadt region, and near Lake Narocz, to the south.

Berlin dispatches declare the German losses have been surprisingly small under the terrific bombardment by the Russians, while the attacking forces have been mowed down in masses. Confidence is expressed in the German capital on the outcome of the fighting, reliance being placed upon Field Marshal Von Hindenburg to take care of the situation.

Sinking of two additional neutral vessels by submarines is reported, the lost craft being a Norwegian steamer and a Danish bark.

Berlin claims another slight advance in the region of Haucourt northwest of Verdun. Two additional trenches there were occupied.

On the eastern front, today's Berlin statement reports a continuation of the determinate Russian attacks but declares they all broke down with heavy losses.

TAKE TWO TRENCHES.

Berlin, March 24, Via London.—Further successes have been reported by the Germans in the vicinity of Haucourt, northwest of Verdun, army headquarters announced today, two additional trenches having been occupied.

On the Russian front the vicious attacks of the German lines in the northern sector have been continued both northwest and south of Divinsk. All the assaults broke down, the statement declares.

The importance of the struggle around Verdun naturally overshadows interest in the contest on the eastern sector, but the latest dispatch shows that hard fighting is in progress.

ARSENIC

Purchased by Dr. Waite in Grand Rapids Drug Store, Says Swann

VOUCHER SIGNED BY DENTIST FOUND

Waite's First Statement Is a Denial

GRAND JURY HAS CASE

Medical Books With Passages Telling of Effect of Poison Marked, Seized By Police and Will Be Used As Evidence—Dentist Is Ordered Brought to Court Late Today.

(ASSOCIATED PRESS TELEGRAM) New York, March 24.—Soon after Dr. Arthur Warren Waite, accused of poisoning his father-in-law, John E. Peck, wealthy drug manufacturer of Grand Rapids, Mich., had denied the charge today, District Attorney Swann announced that he had obtained a voucher from a druggist signed with Waite's name for the purchase of a quantity of arsenic on March 9, three days before Peck's death.

Waite made his first statement since the order issued by the district attorney for his arrest and denied the charge. He made the denial to Assistant District Attorney George R. Brothers, who examined him at his apartment on Riverside drive where he lay in bed recovering from the effects of strong drugs which he took yesterday.

Dr. Waite admitted, according to Mr. Brothers that he had put something into Mr. Peck's soup some time prior to his death, but declared that it was medicine, and that Dr. A. A. Moore, the physician who attended Peck during his illness, had instructed him to employ this method of giving the patient medicine because Peck had complained that it was bitter and had refused to take it.

Dr. Waite's condition had so improved during the forenoon that District Attorney Swann gave orders that he should be brought to the Tombs court for arraignment later in the day.

The district attorney wishes to obtain from Mr. Waite, a statement giving his version of the circumstances of Mr. Peck's death. Since Wednesday, Dr. Waite has been under the influence of drugs taken he said, to induce sleep and no coherent statement could be obtained from him.

Among the exhibits upon which the authorities are working are medical books taken from Dr. Waite's library containing marked passages describing the effect of poison such as that alleged to have caused the death of Mr. Peck.

The Peck mystery is regarded by the authorities as one of the most extraordinary cases they have had to deal with in years. Mrs. Anna Maria Peck died in Dr. Waite's apartment at 2 o'clock Sunday morning, January 30. The body was cremated at Detroit.

John Peck died in Mr. Waite's rooms Sunday morning, March 12, and his body was embalmed and started for Grand Rapids that day.

The identity of the woman, who according to Dr. Waite's admission to the district attorney was registered with him at a hotel as Dr. and Mrs. W. Walters, has not been disclosed by the authorities. They indicated, however, that it is not likely she knew of the alleged murder.

VILLA PURSUERS PHOTOGRAPHED FAR BELOW MEXICAN BORDER

Army aeroplanes are playing an important part in the pursuit of Villa. Upper photograph shows six of these machines being put in readiness for scouting expeditions ahead of Pershing's little army. Lower photo gives a glimpse of the American camp early in the morning, shortly before the beginning of the day's march. Both photos were taken below San Miguel, Mexico.

SITUATION CONFUSING ON BORDER

MEXICAN REPORTS THAT VILLA IS SURROUNDED AWAIT CONFIRMATION.

Train Crew From Casas Grandes Reports All Quiet in That Neighborhood.

(ASSOCIATED PRESS TELEGRAM) El Paso, March 24.—The Mexican situation was more confused and uncertain today than at any time since the pursuit of Francisco Villa began. Practically the only news received from the border from the interior was from Mexican sources and this was of such a directly contradictory nature that it was impossible to separate the true from the false.

Early today Andres Garcia, the Carranza consul here, displayed telegrams which he said he had received from General Bertani at Casas Grandes announcing that Villa was surrounded at El Oso, a ranch five miles south of Namiquipa, by the joint American and Carranza troops and that a decisive battle was imminent.

General Bell, commanding the United States troops here, received this report in silence. His only comment was that he would wait until he heard directly from General Pershing, who is leading the punitive expedition, or General Funston before making any statement on the situation. There was frank skepticism among United States army officers, although it was admitted that advance detachments of the American troops might easily have reached Namiquipa by this time if they had maintained anything like the speed with which they had made the first 100 miles of their march.

The American crew of a train which arrived at Juarez early today from Casas Grandes reported that all was quiet at the latter town when they left there. They said that there were many American soldiers in town from a camp nearby and that the natives seemed pleased by their presence as they spent more real silver money than had been seen in Casas Grandes for many months. The trainmen could throw no light upon the cutting of the wires at the Mexican Northwestern railway which was reported several days ago by General Gavira. They said the trip was uneventful and that they saw no signs of Villa's followers, or any other bandits. Nothing was known at Casas Grandes when they left there yesterday as to any fighting at Namiquipa.

Two Mormon colonists who arrived on the train confirmed statements of the crew. They said that the Casas Grandes natives were very respectful to the American white soldiers, but were most impressed by a colored regiment which left for the south yesterday. The Mormons said that many natives of Casas Grandes were convinced that Villa could not escape the negro troops.

In the absence of positive information regarding the pursuit of Villa, the main interest along the border was centered in inter-factional rivalry in Mexico. The reports respecting the desertion of General Carranza by General Luis Herrera were so conflicting that any attempt to decide between them was hopeless.

MUST DEPEND ON MULES FOR PACK TRAINS

(ASSOCIATED PRESS TELEGRAM) Columbus, N. M., March 24.—The American campaign to capture Francisco Villa has reached the point in the foothills of Chihuahua where it has been found necessary to dispose with heavy motor trucks as transport facilities and to depend entirely upon army pack mules, it was learned here today.

It is known that the trucks have encountered many difficulties in the sandy region through which the troops have passed. Motor trains probably will be used, however, for transport purposes between Columbus and the advanced base at Casas Grandes.

The American advance into Chihuahua is proving a hard grueling march in which both animals and men are enduring great hardships, according to reports brought here today by J. C. Marlowe, of Douglas, Marlowe, who is the first of the civilians who started eight days ago with the expeditionary force to reach the border, asserted that the army is more and more realizing its utter dependency on the knowledge of the country shown by the civilian scouts.

Arriving on a motor truck train after a thirty hour ride over a rough, dust-filled road, from near Casas Grandes, Marlowe was a vivid example of the physical difficulties of the march. His face was gaunt, burned and blistered by the glare of the desert sun. A week's growth of beard was caked with alkali dust, his clothing marked by many encounters with cactus and mosquito.

Lieutenant J. L. Parkinson, of Salt Lake City, Utah, who was in charge of the trucks on which Marlowe arrived and said that all of the American trucks and drivers have been accounted for and that American troops have not clashed with any Mexican forces crossing the border.

AUGUSTA ASKS NO HELP; WILL REBUILD CITY

(ASSOCIATED PRESS TELEGRAM) Augusta, Ga., March 24.—Having perfected plans for the immediate needs of several hundred destitute persons, Augusta today began to discuss plans for rebuilding the burned district.

The two newspapers, The Herald and The Chronicle, are making arrangements to rebuild as soon as possible. The special relief committee continued to receive contributions today and every effort will be made to raise \$50,000 for the fund to care for the needy.

The Southern Adjustment Bureau of Atlanta will open an office here Monday to adjust insurance claims.

PHONE COAL RATES.

(ASSOCIATED PRESS TELEGRAM) Washington, March 24.—Investigation of enormous coal rates from mines in Pennsylvania, Maryland, West Virginia, Kentucky and Ohio to Lake Erie ports for transshipment over the Great Lakes was ordered today by the Interstate Commerce commission on its own initiative. The commission fixed April 24 for the first hearing here.

American Consul Says Gen. Herrera Continues Loyal

Military Officials on Border Thought Report of Revolt Had Been Confirmed, but Washington Is Satisfied That Menacing Feature Is Removed

REPORTED BATTLE WITH VILLA NOT CONFIRMED

But General Funston Thinks It Probably Is True—General Pershing Has Been Silent for Past Five Days and Report Is Expected at Headquarters Today—Report of Battle Says Bandits Were Defeated and Horses Captured—Battalion of Twenty-Fifth Infantry Is Ordered to the Border.

(ASSOCIATED PRESS TELEGRAM) Washington, March 24.—American Consul Letcher at Chihuahua City today reported that there was no truth in the reported revolt of General Herrera and the Carranza garrison at Chihuahua.

Although General Funston and General Bell on the border have received reports confirming the story of the revolt which they believe to be true the dispatch from Consul Letcher, who is on the ground and has headquarters at the place where the revolt was said to have occurred is taken by officials here as confirming the statements of Carranza officials that no such revolt has occurred.

Consul Letcher's dispatch reported that General Herrera was in command of the de facto troops there and was "loyal to General Carranza."

His report is regarded as removing one of the most menacing features of the Mexican situation.

Major General Funston sent this telegram to the war department: "General Herrera in a telegram to General Gavira strongly denies all reports that he has gone over to Villa. General Gutierrez, governor of Chihuahua, in a letter to General Gavira also strongly denies that General Herrera has gone over to Villa."

The accumulation of denials of the Herrera revolt and the satisfactory progress of diplomatic negotiations with the de facto government over the proposed protocol to govern the chase for Villa, lessened anxiety in official circles regarding the safety of the American expedition.

The problem of meeting any request General Funston might make for reinforcements in event of a rebellion of Carranza's army, was under consideration, however. If the American forces were seriously attacked, it was regarded as likely that all available troops from the border would be rushed to the support of the advancing columns, and that these troops would be replaced as quickly as possible in order not to leave the border towns unguarded. Only the national guard, it is said, could be relied on to do the latter work.

Reply from General Carranza to the request that American troops be permitted to use the Mexican Northwestern railway, was expected momentarily today. Border reports said General Pershing already was using a portion of the line and the department of war officials pointed out it was possible he had reached a limited agreement with local Mexican railway officials.

Details of the proposed protocol were being worked out today, although a general outline of the document has been agreed to and forwarded to General Carranza.

Direct word from the Tampico

district, where anti-American demonstrations have been unofficially reported, was anxiously awaited at the navy department today from the battleship Kentucky on her way to Mexican waters, and the gunboat Machias off Tampico.

UNCONFIRMED

Report Says Villa Band Has Been Hemmed in at El Oso, Near Namiquipa.

(ASSOCIATED PRESS TELEGRAM) El Paso, March 24.—No word had come to military headquarters here early today to confirm a report that American troops and the Carranza army had surrounded Villa and his men and that a battle was imminent. The report was received by Mexican Consul Andres Garcia.

The Villa outlaws were said to be hemmed in at El Oso, about five miles south of Namiquipa, where Villa had fled after a conflict with Carranza forces at Santa Gertrudes. Villa, according to a dispatch from General Bertani, Carranza commander in the field of operations, made a stand in the Santa Clara canyon near Santa Gertrudes, but was driven out with a loss of several men killed and one hundred horses captured.

The losses of the horses was a hard blow to Villa, it was said.

Information regarding the impending battle at El Oso was expectedly awaited today.

For several days, General Pershing has made no report regarding his movements.

AMATEUR RADIO STATIONS WERE ORDERED SEIZED

(ASSOCIATED PRESS TELEGRAM) San Antonio, March 24.—Twenty-five wireless stations in and about this city have been dismantled by federal officers acting upon the instructions from the department of justice, it was announced here today. These plants designated as "amateur stations" have been a source of considerable annoyance to the war department especially since the establishment of the wireless apparatus with the American troops in Mexico.

It was found impossible to prove offenses against individual operators and as the operation of these stations was considered a menace, authorities were directed to put them all out of business until the trouble in Mexico is settled.

FUNSTON BELIEVES IT.

(ASSOCIATED PRESS TELEGRAM) San Antonio, March 24.—Reports from Mexican sources that Villa had been defeated by American-Mexican troops at El Oso, near Namiquipa, were accepted by Major General Funston as probably true although (Continued on Page 2, Col. 2.)

Owens Bottle Machine Co. Capitalized at 50 Millions; Sale of Local Plant Ratified

The Owens Bottle Machine company of Toledo, O., was today authorized by the secretary of state to increase its capital stock from \$8,000,000 to \$50,000,000. The state received an incorporation fee of \$42,000.

At a special meeting of stockholders of the Owens Company held at Toledo yesterday, the purchase of the American Bottle company plant in this city and Streator, Ill., was ratified. The plan to decrease the common and preferred shares of Owens stock from \$100 to \$25 was also agreed upon.

President Libbey's annual report showed that the earnings the past five years to date averaged \$2,567,326 per annum, or five times the dividend requirements on the preferred stock. The common stock is paying 12 per cent. This stock is to be listed on the New York Stock Exchange in a short time.

An inspection party of forty bankers from New York, Chicago, Cleveland and Cincinnati lately made a tour of the Owens plants in West Virginia. The party traveled in eight special cars.

The glass industry has had a wonderful impetus since the outbreak of hostilities in Europe and few interests have shared better than those concerns. Plants have been swamped with orders and the success of the industry stands without a parallel. The Owens people are among the largest glass manufacturers in the United States. The machines employed are one of the greatest assets in this city and Streator, Ill., in order to take care of the constantly growing business it was necessary to expand in the organizations of the concerns which has resulted in the merger.

Local officials of the American Bottle company in this city were seen today and asked regarding what effect the merger would have on the plant in this city but had no information to give out. It is known, however, that the local plant is prospering and that it is rushed with business.

It is to be sincerely hoped that the Owens company will enlarge the business scope of the local plant and that it will continue to be as successful in the past, one of the best (Continued on Page 2, Col. 2.)

Auto Club Reorganized At Enthusiastic Meeting Held Thursday Evening

An enthusiastic meeting of "boosters" was held last evening in the room above the Haynes jewelry store. The Newark Auto Club was reorganized and officers were elected to serve the ensuing year. Important committees were also appointed and the by-laws of the organization will be revised.

The meeting was called to order by Attorney A. Stasel, president of the old automobile club and vice president of the Pike's Peak Ocean to Ocean Highway. There was a large turnout of automobile owners and others interested in good roads and the betterment of Newark. In fact it was one of the best attended meetings of real live wires of the city that has been held in some time.

President Stasel gave an excellent talk on the splendid results which have been achieved by the various automobile clubs of the state, all of which as a general rule are affiliated with the state organization. He then told of what had been accomplished at the Ohio meeting of the Pike's Peak Highway at Columbus

and how Newark would benefit by having that great continental thoroughfare pass through the city. Mr. Stasel told of the effort of other cities to secure the highway and how Newark by sending an organized delegation to the meeting captured the prize.

He advised that the Newark Auto Club take up the work of pushing the project through this county and he found a ready response from the members.

The election of officers of the club then came resulting as follows. All of the officers will serve for a period of a year:

President—A. A. Stasel.

Vice President—Jas. R. Fitzgibbon.

Secretary—Harry D. Baker.

Treasurer—M. J. Rees.

It was decided to place the members' dues at \$2 per year and also to join the state association. A membership committee was then appointed by President Stasel and it will get busy at once and hopes to have at least two hundred members at the next regular meeting. The committee is composed of Dr. C. D. O'Hara, H. S. Fleck, Phil Vogelmeier, Carey (Continued on Page 2, Col. 4.)

300 GOLF CLUBS EACH DAY IS PLANT'S RECORD

Burke Golf Company's Factory One of Busy Places in Newark — Plant Is Enlarged.

"One golf club a minute" is the present speed of the Burke Golf Company, Manning street, but in a few days the efficiency of the company will be increased materially by the acquisition of a new, three-story frame building, 50x10 feet.

The Burke Golf Company of which William Burke is the founder and president, is probably one of the best known industries in the United States, yet in Newark few realize the importance of the concern. Mr. Burke started manufacturing golf clubs at the present plant five years ago, and since that time the concern has grown rapidly. The business has outgrown the present quarters which necessitated the erection of a new building.

The company has the distinction of being the exclusive distributors in the United States and Canada of the

"A personal acquaintance with Mr. Burke and his company for several years has given me a knowledge of him by reputation for many years. I am interested in golf, and his company," says Mr. Vardon. "The company's goods are of high perfection and not greater than have found in any other factory. I am permitted to use my own club, and the company may exclusively distribute in the United States and Canada."

The present output of the company is 300 clubs per day but the new plant will increase the output to 1200. Many new machines imported by Mr. Burke are being moved into the new building, which has been arranged to give the factory and office as well as to increase the efficiency of the output.

The new building will be located on the present buildings are removed and then a concrete structure will be erected on the present site. A new blacksmith shop also will be added which will accommodate four large forges instead of the two now in use.

CITY GETS \$111,584 IN TAX SETTLEMENT WITH THE COUNTY

AMERICAN CONSUL

(Continued from Page 1.)
no continuation by General Pershing had been received.

Improvement in the working of the wireless made it appear likely that General Pershing would break his fifth day of silence regarding operations south of Casas Grandes by sending an account of the engagement at El Oro. Here it was believed that the Americans would not allow Villa to get out of their sight again, and that his capture or death appeared more likely today than at any other time.

General Pershing, it was believed, would not state as many of his men as possible in the pursuing force, but those who have been leading the country south of Casas Grandes.

NO TROOPS REPORTED.

Deming, Ariz., March 24. Gen. P. H. Carr, military governor of Sonora, today denied reports that a large number of Mexican troops have been reported to be in the south. Investigation did not reveal an increased number of troops in the south.

Governor Enriquez also telegraphed that the reports concerning the revolt of General Herrera "were false and were made by the radicals" to cause trouble between the Carranza government and the United States.

Gen. P. Elias Calles, military governor of Sonora, received a telegram today from General Enriquez, military governor of Chihuahua, stating that five columns of Carranza troops were close to an Villa and his bandits near Nacozari and that with the aid of the Americans, it was believed that Villa would not be able to escape.

ANOTHER BYTALION.

Washington, March 24. (Associated Press.)—The 10th Infantry was ordered to leave the Vancouver barracks to the Central, Calif., to reinforce the border patrol. The order was issued at the request of Major General Lott, commanding the western department.

MOTOR TRAIN DELAYED.

Chicago, N. M., March 24. No motor train was received at the military base today from the post at Lordsburg, N. M., where the motor train was delayed by a breakdown in the engine.

A dispatch received from General Pershing today asserted that the motor train had made it possible for the troops to be sent to the south.

The motor train was delayed by a breakdown in the engine.

TARVIA MAY BE USED ON FIRST STREET

An early settlement is expected in the North First street Tarvia block. The use of the railway as the result of a proposed property owner, Harry Clinton, New York, signing their name to a petition favoring the Tarvia method of paving.

Property owners on First street from Main to Church streets have been active for several weeks in trying to get the consent of the majority of property owners on the street to select Tarvia for the proposed paving. The property owners on the streets between Church and Locust streets also have been busy engaged pulling for a brick paving.

RECENTLY REV. LEWIS P. FRANKLIN

and others of the Tarvia block circulated a petition among the property owners and are busy close to having a majority. It is thought that with the acquisition of the New York property owner, that the Tarvia method will win.

City Engineer Wells has been waiting for the First street residents to decide so that work can be started on the improvement.

Legislation will be introduced at the next meeting of the city council, April 3, for the paving of Chestnut, North, Fifth and Commodore streets and an alley extending from Fifth to Fifth streets between Main and Church streets. This work is all to be under way in summer when will see more improvements along the line than at any time in the history of the city.

progress in the northern sector of the Russian line.

The Russian line became intense on the evening of March 19. More than 5,000 shells chiefly of heavy calibre fell over a small section of the front near Postav. German wire entanglements and the front line trenches were damaged by this fire. At night the Russian two-way were moved down before they reached the entanglement. The third attack pierced the German position on a front of less than a hundred yards but the assaults were ejected by a counter attack. At dawn the Russians made a fourth attack but it was smothered by German artillery.

Four Russian divisions are said to have participated in these movements. The German losses were heavier than two preceding days fighting on account of the Russian fire, nevertheless they were surprisingly small.

Activity of the Russians at other points of Field Marshal Von Hindenburg's front is less marked. Comparative quiet prevailed on March 19 along the sector between Wiszniew and Norowicz lakes except for a strong night attack of the Russians, which was repulsed.

BELIEVES IN BOOSTING FOR HIS OWN CITY

Samuel Weinfeld, a traveling representative for the Deisel-Wenmer company of Lima, O., manufacturer of cigars was a visitor in the city last evening and today. Mr. Weinfeld is one of the real live wires of Lima and a consistent booster for his home town, both on and off the road.

In talking to an Advocate representative he stated that he was sorry he had not known of the meeting of the Newark Auto club last night, as he should like to have been present. He is a member of the Lima Automobile club and considers it one of his greatest assets. The things which it has accomplished is remarkable and almost unbelievable.

He carries a card as a member of the state association and it has stood him in good stead on numerous occasions. The dues in the Lima club are \$5 per year and that also includes a subscription to the Ohio State Motorist and The American Motorist.

"You never hear of any one throwing broken glass in the streets of my city," said Mr. Weinfeld, "for we have prosecuted a number of cases and the offenders were all heavily fined. You never hear of any one stealing an automobile any more. Do you realize that the crime of automobile stealing is fast diminishing? That is due to the activities of the state organization which has had laws passed making it a felony with severe penalty. The organization has accomplished wonders in the way of improvements and I am sure the Newark Auto club will become one of the real organizations that do things, things that help put the city on the map."

Mr. Weinfeld stated that prosperity is making rapid advances over the country. In his home town of Lima everything was booming and his own factory could not secure help enough. They employ 4,000 people in their factory and are now 6,000,000 cigars behind their orders. Every thirty days they ship 60,000 San Felipe cigars to Honolulu and 5,000 every Monday morning to Alaska. Their trade extends from coast to coast and their goods go into every state in the union and to many foreign climes.

The Lima man stated that his home city is about to begin the construction of subways, that the blue prints have all been approved and that actual work will begin in the very near future. He is a great booster for the Rotary club and says Newark is making a move in the right direction and with the organization of its Rotary and Auto clubs and men to take hold and boost should soon make things hum, and assist in placing Newark in the foremost rank of Ohio cities.

MAY TAKE OPTION ON LAND FOR FREIGHT DEPOT

The real estate expert for the Baltimore & Ohio railroad is expected to arrive in Newark early next week to take up an option for a new freight yards. He informed City Engineer Wells that he would be in Newark the first part of this week to take care of this matter, which would mean a boost for an early start of the proposed sub-way construction.

The new freight yards, should the railroad decide to take up an option on land, will, it is said, be in the neighborhood of Clinton street.

A Clinton street property owner has a tip that within the next 30 days, it was expected that an option would be taken on the land on the east side of Clinton street and utilized by the Baltimore & Ohio railroad for a freight yard.

WILL PUSH WORK ON HUDSON AVE. RE-PAVING JOB

President Bowers and Mr. Simpson, secretary and treasurer of the Federal Asphalt Paving company of Hamilton, O., were in the city yesterday on business in connection with the re-paving of Hudson avenue.

Mr. Bowers stated that the work of re-surfacing the street would be pushed as rapidly as the weather permitted and that he expected completion no later than May 1. The street will be re-surfaced as far north as Charles street.

CHARGES TREASON IN GIVING MONEY TO VILLA BAND

(Associated Press Telegram.)
Washington, March 24. Senator Lewis, Democrat, declared in a resolution introduced today that American authorities had knowledge of supplies and money being furnished to Villa from foreign countries and from the United States.

This resolution proposed to brand Americans who give such aid as "traitors and traitors."

At the request of Senator Borah, Republican, the resolution was read twice, and then Senator Lewis asked that it lie over and gave notice that he would speak upon it at an early date.

Dainty Coats For The Little Miss

No one who has observed the behavior of a child arrayed in a new coat can doubt the keen satisfaction of the little one at her transformation. And it will not do to suppose that any coat "fills the bill." What a child lacks in style-sense she makes up in intuition. She can tell in a moment what impression the new garment makes on the "oldsters." She can tell if they really mean it when they glance or smile their admiration. And if they don't admire it the child feels it just as an older person would. You owe it to the little one to select her coat with the same fastidious care that you devote to your own wardrobe. In this we can help you wonderfully, for our child styles are works of art and our sales people are splendid judges of what your child requires. Our complete showing is now ready \$1.79 to \$8.95

"LIDS FOR KIDS"

Now ready for your inspection is a complete exhibition of all the new styles and shapes in Children's Bonnets and Hats, priced on the same moderate basis as heretofore.

The club is indebted to C. E. McDaniel for the use of the room where the meeting was held. Mr. McDaniel had things comfortably arranged for the session and his efforts for the comfort of the members was appreciated.

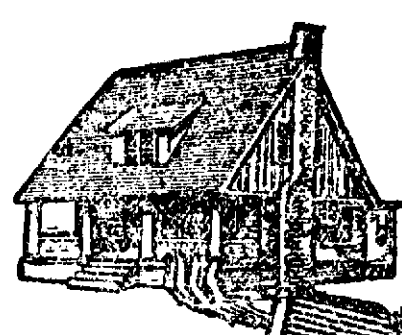

Removed From Hospital.
Mrs. Media Columbus was removed from the City Hospital to her home east of the city, in Madison township, Thursday in Bradley's ambulance.

So serious was a recent invasion of Newark by locusts that an agricultural and live stock census of that county was postponed for three months.

Granville

(Special to The Advocate)
Granville, March 24.—The Granville Opera House was packed last night for the second performance of "Orpheus in the Underworld" and the performers received an ovation from the delighted audience. Every thing moved along smoothly to the triumphant close. The principals were in fine form and each made a distinct hit. Mr. Sidney Collier in his impersonation of "Orpheus," carried off fresh laurels, and Mrs. Marion Rose Johnson as "Eurydice" was even more successful than on Wednesday night in her interpretation of the musical numbers. Mrs. Altheret Chrysler Morrow as "Diana," goddess of the moon, shone with radiant beauty, and her singing was artistic and finished as always. Misses Helen Ray and Florence Stacey also captivated the audience as "Cupid" and "Venus." The musical numbers given by the men also had gained in breadth of interpretation. Herbert Shorney as "Pluto," ruler of the inferno, was even more convincing in his role—and his factotum, "John Styx" was impersonated with even greater cleverness by Kenneth Ullman, whose "bon mots" raised the laugh every time. Gerald Athey was an ideal "Jupiter" and in his disguise as a fly his singing was one of the best musical numbers on the program.

The nymphs were a delight to the eye, their costumes gracefully classic in design and their appearance was like the picture of "Aurora"—so the dances of the nymphs—for lightness and beauty and grace. They were: Evelyn Cathcart, Helen Olney, Ruth Wickenden, Mary MacDonald, Ruth Atwell, Dorothea Soap, Mary McLain, Helen Cord. The ballet in the closing act was beautifully done. The girls had been drilled by Miss Bradstreet to a high degree of proficiency, and their dancing was graceful, rhythmic and beautiful. Besides the principals, the girls of the chorus were: Inlet Barker, Yashti Jones, Genevieve Carhart, Ruby Barnes, Madeleine Edgerly, Gertrude Gibbons, Josephine Darrow, Nellie Ballou. Director Eschman is receiving congratulations for the great success of the opera.

As soon as weather conditions permit, work on the Broadway paving contract will begin. Already brick for the gutters are strung along the north side of the street. The steam shovel, concrete mixer and roller will arrive this week. The new water main on the south side of Broadway is about one-half laid, and Mr. H. G. Miller, superintendent of the gas company, has a force of men employed in lowering the company's lines. During the period of construction, two new thoroughfares will be opened. Maple street will be extended to meet Shepardson Court, and College street to the cement road. It is hoped that the work will be completed by midsummer.

Mrs. Minnie B. Kerr has gone to Knoxville, Ia., where she will visit her uncle, Mr. Oscar Buxton for several weeks.
Mrs. Mary Dalby and daughter, Miss Louise, of Taylorsville, Ill., are guests of Mr. and Mrs. W. H. Dalby on Prospect Hill.
The Denison Board of Control has

elected the following men: Wayne Yonkum, base ball captain; Kenneth Ullman, base ball manager; Charles Willis, tennis manager; Tom McMahon, captain Doane baseball team, and Charles Nixon, manager. Prospects are bright for one of the best base ball teams in the history of Denison.

The winter term of the Public schools closes today for a vacation of one week. Good programs were presented this afternoon, and many visitors were present at the exercises. A noon day banquet was given by the high school pupils which was most enjoyable.

Mrs. W. P. Ullman left this morning for Loudenville, where she will visit friends and attend the annual banquet of the "Progress Club" of which she was president for four years during her residence there.

Miss Ann Hughes and Mrs. Geo. Reese (formerly Lulu Parsons) returned from Detroit yesterday, after a two-week stay. For some time Miss Hughes has been afflicted with glaucoma and while there Dr. Parker performed an operation known as the Elliott Operation which has proven to be a success. She had her left eye removed and the other has grown much stronger since. Miss Hughes is at the Reese home in the Lancaster road and her many friends here hope she will fully recover the sight of the remaining eye. Mrs. Reese while in Detroit adopted a nine-year old daughter and brought her home with her.

"Young Gutch" Got One Fall In Trapjag Match

Plain City, March 24. Young Gutch of Columbus failed in his attempt to throw Dr. C. W. Tenslow in a trapjag match here last evening. By the terms of the match the visitor was to throw the Plain City wrestler three times in one hour.
Gutch got the first and only fall in 24 minutes but was unable to secure a hold that would bring the answer in the rest of the bout. After the bout was over Gutch made a public statement that the one fall he did secure was purely luck and that he should not have made such an agreement. He challenged Tenslow to a best two-in-three match and the challenge was accepted.
That the game is one that takes here was evidenced by the large crowd that was in attendance, many women being in the audience. The date for the return match has not as yet been set.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the postoffice at Newark, Ohio, under Act of March 4, 1879.

General Pershing is to try to catch Villa, but the latter says he can't.

Henry Ford is taking osteopathic treatments, but it is feared his leg will never be restored to its original length.

Although Germany claims to be fighting for a place in the sun, some people profess to think she wants cold Canada.

Now that the United States has a little war of its own on hand, it can fairly be considered one of the civilized powers.

Newspaper editors are hereby reminded that it is not appropriate to classify millinery notes under the head of Easter observances.

Before jerking the price of gasoline up to 30 cents, the oil companies might well ponder thoughtfully on what the government did to the express companies.

Who would have thought a year ago about now, that the United States would still be exchanging notes with Germany on the same old subject

Newton Miller, at \$2,400 per annum and expenses, continues examining corporations for the State Tax Commission—in Columbus hotel lobbies. Pretty soft! Administration boosting at \$8 per diem.

Having been absent from the news columns for some days, Attorney General Turner who tries his cases in the newspapers before he tries the courts which usually hold against him, has broken out with a seemingly superfluous ruling. He edicts that a county treasurer cannot hold for himself duplicate tax payments and in verbose style seems to indicate that Ohio's county treasurers must all be grafters. Really this attorney general would explode like a bomb if he could not blow off occasionally for safety.

Bent with the weight of his seventy years, Robert A. Powelson, the last of the Democratic Civil war veterans on the capitol payroll, last week marched out, discharged by orders of Governor Willis, because of his politics. Powelson came from the governor's own county of Hardin. He served in the 122nd Ohio Infantry for three years and was appointed to a position by Governor Judson Harmon in 1909. After his dismissal the old fellow

after peace has been declared between the warring Nations of Europe. That it will go unnoticed is unlikely. Despite the readiness Japan has shown to take advantage of the general trouble to improve her opportunities in China, it is not to be supposed that Britain or Russia, once their hands are free, will fail to ask an accounting of what their Oriental ally has been doing.

Yuan has been credited with much of the progress of his country in the path of popular rule. Long before the days of the republic he was known as one of the strong men of the empire. Evidently wisdom is not a little of his strength, for he has not let ambition to be monarch lead him to fight the reviving of the republic. Instead he resumes the presidency. That he will continue to be more or less of a dictator goes without saying. He will in addition, be able to point to the powers that their wishes in the matter of continuing the republic have been respected, and so be the better able to treat with them. The days of the European Nations' interest in the great country of the Orient are not past by any means.

Pointed Paragraphs

Castles in the air do not need new wall paper every spring.—Toledo Blade.

Our best judgment is that Villa will not leave a number of widows for some time yet.—Ohio State Journal.

It Villa has only a small part of the men and munitions credited to him, the wonder grows that he didn't make a walk-away conquest of Mexico long ago.—Pittsburgh Dispatch.

They are getting up a directory of criminals in New York. What's the matter with the regular city directory?—Washington Herald.

Senator Fall, who wants 100,000 Americans to go into Mexico at once to catch Villa, would probably hunt sparrows with a Krupp cannon.—Florida Times-Union.

Since it takes the United States army five days to get ready to begin to prepare to pursue a band of 1,000 Mexican bandits, what would be the time necessary for the armed forces of this country to meet an invading army of a first-class foreign Power?—Chicago News.

The president of the United German Societies says the Teutonic vote favors Justice Hughes, which may be one reason why he is shy.—Indianapolis Star.

Reported the Kaiser will sell some of his castles, following the distressing liquidation of his castles in Spain.—Wall Street Journal.

As a politician Senator Lodge must find it difficult at times to recognize Henry Cabot Lodge the historian.—New York World.

Canada's debt has been increased about \$131,000,000 as a result of the war. The Revolutionary War cost the Colonies only \$135,000,000 in specie.—New York World.

According to The New York Sun, the Democratic party is incapable of anything. The trouble with the Republican party is that it is capable of anything.—Charleston News and Courier.

The German Alliance of Iowa, in session at Davenport, adopted resolutions calling on its members to oppose either President Wilson or Colonel Roosevelt. And they might get a chance to oppose both at once.—Indianapolis Star.

Mr. Lodge likens the Administration to Buchanan's. Does he hope that the next will be a Republican one with another great war and another great popular hero? The Colonel is prepared.—Springfield Republican.

Eugenic coddling of Presidential booms may be the proper thing, but Justice Hughes' Topsy seems to grow of its own accord.—Washington Post.

Who is to pay the expenses of the Bul Moose party funeral? Tut! Lots of people will be glad to.—Indianapolis News.

Rippling Rhymes

Always Something.
It's hard to save for the rainy day; there's always something for which to pay; there's always something demanding coin; we have to pay for the tenderloin; for the grocer's prunes and the baker's bread, new pillowslips for the guest-room bed, for a hat for Jane and a shoe for Jake, for seeds and bulbs and a garden rake! We must subscribe for some magazines, and the house needs paint and the windows screens, and we need some save for the spring-time corns, and the cow requires a new set of horns, we must hire a man who can prune the trees, and make some stalls for the bunnies, and haul away all the winter's trash—there's always something demanding cash! A man must study and engineer, who'd save ten cents in a passing year, who'd have a bone for the rainy day, as a rod and staff when he's old and gray, to buy a shroud when the journey does come, there's always something demanding mon!

POLICE FORCE CUT TO COME MARCH 29TH

Safety Director Coid Higbee today received an opinion from City Solicitor Ralph Norpell stating that the ordinance cutting the police force would positively go into effect thirty days from the time of its passage. This, according to the city solicitor, will make the cut due on the day of March 29.

Director Higbee announced that the last five men to be put on the force would be dismissed and some of the present day men moved back to night duty.

BRITISH AND DANISH BOATS ARE TORPEDOED

(ASSOCIATED PRESS TELEGRAM)
London, March 24.—Another Danish steamship has been sunk—the Christiansund, 1,017 tons. Her entire crew of 22 was saved. The British steamship Fulmar, 1,270 tons, also has been sunk. Eighteen of her crew were rescued.

CABINET DECIDES NO PROSPECT OF USING MILITIA

(ASSOCIATED PRESS TELEGRAM)
Washington, March 24.—The question of calling the national guard for border duty to release regulars for service in Mexico was discussed at today's cabinet meeting but it was decided there was not prospect of such action at this time.

GERMAN WAR LOAN REACHES TEN BILLIONS

(ASSOCIATED PRESS TELEGRAM)
Berlin, March 24.—(By wireless to Sayville, N. J.)—Dr. Karl Helfferich, secretary of the imperial treasury, told the reichstag today that the fourth German war loan had been a brilliant success, the subscriptions having reached more than 10,600,000,000 marks.

PETER SKIRBER TO LIMA.
Columbus, March 24.—Peter Skirber, the Toledo murderer, whose death sentence was commuted to life imprisonment, will be transferred from the death cell at the penitentiary to the Lima state hospital for criminal insane within a few days.

Verdict for Plaintiff.
A verdict for the plaintiff in the sum of \$185.42 was returned Thursday afternoon by a Muskingum county jury which heard the case of J. R. Speck et al. vs. J. K. Arnold et al. The suit was the outgrowth of the sale of the Licking Laundry Co.'s plant and business by the defendants to the plaintiffs.

Theatres

Gem Theatre.
Would you like to be condemned to walk the earth in the form of a lion, until you found and reunited the souls of two lovers you had caused to be killed? That was the punishment meted out to Theron, the Greek senator in the Mutual Masterpiece Picture De Luxe Edition, "The Soul's Cycle," a drama in five parts of exceptional merit produced by Horsley, which will be seen at the Gem theatre today.

"Forbidden Fruit," a Big Hit.
The many patrons of the Mazda yesterday were delighted with the splendid picture, "Forbidden Fruit." The woman sacrifice herself for the sake of the man she loved, and then to be spurned by him is the story of the splendid film. This Ivan production, "Forbidden Fruit," appears again at the Mazda today.

Betty Nansen.
For Saturday the Mazda will show Betty Nansen, the popular actress, in "The Fallen Idol." Miss Nansen's name is enough to insure a splendid show to patrons of the Mazda.

"The Lilac Domino."
Andreas Dippel will present "The Lilac Domino," the great three-act musical success of beauty, fun and fashion by Charles Cuivillier, at the Auditorium next Tuesday evening. This is the greatest musical success of many seasons and is said to be an attraction even in Grand Opera circles, and a wealth of scenic paraphernalia, a chorus of fifty delightful girls who sing and dance with all the charm and vivacity of happy youth, in costumes of almost regal magnificence and up-to-the-minute in style. Its enchanting score ripples and sways and floats along in a variety of tempos but always with superlative melodic charm. A fortune has been expended in scenic effects. Art critics have especially commented upon the sunset scene over the Mediterranean Sea which is shown as a background for the dancant of the second act.

Alhambra Tonight and Tomorrow.
One of the most stupendous productions the Jesse L. Lasky Company have ever made for the Paramount programs will be the forthcoming scene attraction, "To Have and to Hold," which will be the attraction at the Alhambra tonight and tomorrow with the beautiful Max Murray in the stellar role, supported by Wallace Reid and an all star cast.

The photoplay is taken from Mary Johnson's famous novel of the early days of Virginia and as Lady Leigh, Miss Murray is said to be seen at her best. Besides being a gripping romance, "To Have and to Hold" is historically correct, the costumes and scenery having been especially prepared by a score of artists after months of careful research.

THIN FOLKS TURN FOOD INTO FLESH

Report Weight Increase of Ten to Twenty-five Pounds When Sargol Was Taken With Daily Meals.

If you are thin, rundown and under normal weight and would like to put on from ten to twenty-five pounds of good healthy flesh, you must make your meals do you more good than they are doing now.

Flesh, fat and muscular tissue must come from the food you eat but if your organs of assimilation are defective and you lack the power to turn food into flesh and fat much of the good of your meals must leave your body as waste.

If you are ten pounds or more underweight try eating a Sargol tablet with every meal and take another just before going to bed and try to see if this is true in your case. Weigh yourself before you begin and each ten days thereafter. Do this for sixty days and note the difference. Don't guess at results. Let the scales tell their story. Reported gains of from ten to twenty-five pounds and even more from this plan are by no means infrequent. Yet the action is perfectly natural and entirely harmless.

Sargol is a splendidly balanced combination of assimilative aids designed to increase the nourishment you obtain from your food and so to make your food develop healthy fat, flesh and muscular tissue between your skin and bones. It can be obtained from Evans Drug Co., A. Erman, 33 N. 3rd St., or any leading druggists everywhere and each large package contains a guarantee of satisfactory weight increase or money back on sixty days use.

COMB SAGE TEA INTO GRAY HAIR

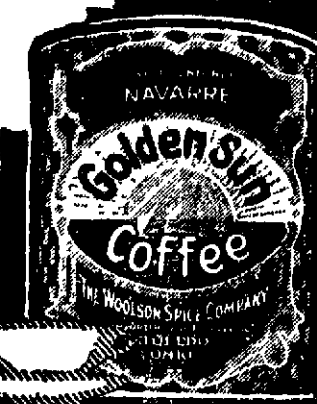

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Weyth's Sage and Sulphur Compound is a delightful toilet article requisite. It is not intended for the cure, mitigation or prevention of disease.

PEOPLE

OF GERMANY WOULD NOT APPROVE GOVERNMENT'S ACTION IF THEY KNEW.

Is Opinion of Viscount Bryce in An Article Dealing With the Aims of England in War.

[Associated Press Correspondence] London, March 24.—Viscount Bryce, former ambassador at Washington, has written an article on "The Attitude of Great Britain in the Present War," in which he says: "We in Britain who respect and value the opinion of the free neutral peoples of Europe and America cannot but desire that those peoples should be duly informed of the way in which we regard the circumstances and possible results of the present conflict."

Lord Bryce says there are five principles on which the aims and ideals of Britain in the present crisis are essentially different from those of Germany, namely, as to individual liberty; as to nationality which sympathizes with the efforts of a people against foreign domination; as to the maintenance of treaty obligations; as to the regulation of the methods of warfare in the interests of humanity; and as to a pacific as opposed to a military type of civilization. He compares the British and German attitude on each of these principles. Continuing, he says:

"Our English ideal for the future is of a world in which every people shall have within its own borders a free national government resting on and conforming to the general will of its citizens, a government able to devote its efforts to improving the condition of the people without encroaching on its neighbors or being disturbed by the fear of an attack from enemies abroad. Legislators and administrators have already taken sufficiently difficult in reconciling the claims of different classes in adjusting the interests of capital and labor, in promoting health and diffusing education and enlightenment, without the addition of those tasks and dangers which arise from the terror of foreign war."

"I cannot believe that the German people as I have hitherto known them, ever since I studied at a German university more than 35 years ago, could possibly approve of the action of their government if their government suffered them to know the facts relating to the origin and conduct of the war as those facts are known to the rest of the world. We have had no hatred of the German people. We did not grudge them their prosperity. Neither have we wished to break up Germany, destroying her national unity or to interfere in any way with her internal politics. Our quarrel is with the German government. We think it a danger to every peaceful country, and believe that in fighting against its doctrines, its ambitions, its methods of warfare, we and our allies are virtually fighting the battle of all peace-loving neutral nations as well as our own. "We must fight on until victory is won, for a government which scorns treaties and wages an inhuman warfare against innocent non-combatants cannot be suffered to prevail by such methods. A triumphant and aggressive Germany, mistress of the seas as well as of the land, would become a menace to every nation, even to those of the western hemisphere."

Lord Bryce concludes with a plea for a league of peace. "The obstacles in the way of creating such a league are many and obvious," he says, "but whatever else may come out of the war, we in England hope that one result of it will be the creation of some machinery calculated to avert the recurrence of so awful a calamity as that from which mankind is now suffering."

ICE DEALERS BOOST PRICE; MOVEMENT FOR "MUNY" PLANT

[Associated Press Telegram] Sandusky, O., March 24.—Action by local ice dealers in boosting the retail price of ice to \$8 a ton, or one dollar more per ton than it has ever been, has resulted in a movement here for a municipal ice plant. Sandusky socialists are especially active in the movement, declaring they are "tired of paying hard coal prices for ice."

DAYTON SELLS GREASE. Dayton, March 24.—The city closed a contract yesterday with a Chicago concern for the sale of 120,000 pounds of grease at 6 3/4 cents per pound. The grease is a product of the city reduction plant, recently put into operation, and is already more than self-sustaining.

CAUSED BY THIN BLOOD

Many people think they have kidney trouble because they have backache, but more backache is caused by overstrained and undernourished muscles than by anything else. In such cases the blood needs building up. Many rheumatic people suffer pains that could be avoided by building up the blood. When rheumatism is associated with thin blood the rheumatism cannot be cured to stay until the blood is built up.

Dr. Williams' Pink Pills build up the blood and sufferers from backache would do well to try this treatment before giving way to worry over a fancied organic disease. Rest and the tonic treatment with Dr. Williams' Pink Pills will correct most forms of backache, even rheumatic. For people who work too hard or dance too much and sleep too little, better habits and a course of treatment with Dr. Williams' Pink Pills are all that is needed to drive away the pains and aches that are warnings of a coming breakdown. Two books, "Building Up the Blood," and "Nervous Disorders," will be sent free, if you are interested, by the Dr. Williams Medicine Co., Schenectady, N. Y. You can get Dr. Williams' Pink Pills at the nearest drug store by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50.

HUGE PROFITS BY DUTCH SHIPPERS RESULT FROM WAR

The Hague, Netherlands, March 24.—The latest dividend declarations by Dutch shipping companies afford striking testimony to the enormous profits which these concerns are making as a result of the naval war and the resultant shortage in the world's mercantile fleet.

Messrs. Solleveld van de Neer and Th. van Hattum's Steamship Co., for instance, are distributing 100 per cent out of a total gross profit of \$1,000,000, which compares with only 10 per cent for the previous year. The Hilliger-Berg Co., on the other hand, are paying an even higher percentage, viz., 140, as against 7 per cent last year. The net profits of this company amounted to 240 per cent of the capital. The "Zeevaart" Co. has just declared a dividend of 50 per cent, as compared with 10 a year ago, the Triton Co., 10, as against 15 and the Netherlands Lloyd 25, as compared with 9 per cent. Freight rates from the Netherlands East Indies are to be again raised, thus becoming about three times the amount in vogue before the war.

Makes Your Stuffed, Germ-laden, Catarrhal Head Clear as a Bell

When you wake in the morning plagued with the tortures of head colds and catarrh, head, nose and throat stopped up, air passages clogged with obnoxious catarrhal discharges that have collected during the night and you can hardly breathe—just put a little Hyomei Pocket Inhaler charged with the pleasant healing oil of Hyomei between your lips and inhale the medicated, antiseptic germ-killing air deep into your nose, throat and lungs with every breath you draw.

By the time you are dressed your head will be clear as a bell, you will breathe with ease and comfort, eat your breakfast with a relish and about your day's work with a clear brain and steady eye.

This clean smelling, germ destroying air of Hyomei penetrates deep down into every fold and crevice of the membranous linings of your nose, throat and lungs where no liquid spray could possibly get and absolutely kills and drives out of your system every germ it finds there, heals the inflamed swollen tissues and after the first trial you notice a wonderful improvement. A few weeks' use and every catarrhal germ is killed and driven out of your system.

Druggists everywhere think so well of Hyomei that they agree to give you a guarantee with every complete inhaler set you purchase that if it does not satisfy they will gladly refund every cent you paid for it, but using for the first time be sure to ask for the complete Hyomei Pocket Inhaler outfit as the smaller package does not contain the inhaler. F. J. Evans or most any other reliable druggist will gladly supply you on request.

VERDUN'S DEFENDER A TYPICAL SOLDIER OF MODERN SCHOOL

[Associated Press Telegram] Paris, March 24.—General Henri Petain, the defender of Verdun, is typical of the modern French soldier. He is just sixty. He received his commission as second lieutenant in 1878 and became a captain in 1890 and a colonel in 1900. He was a colonel when the war began and was going to retire.

General Petain first distinguished himself during the retreat from Charleroi in the early days of the war. He became brigadier general and general of division and rose rapidly to his present position.

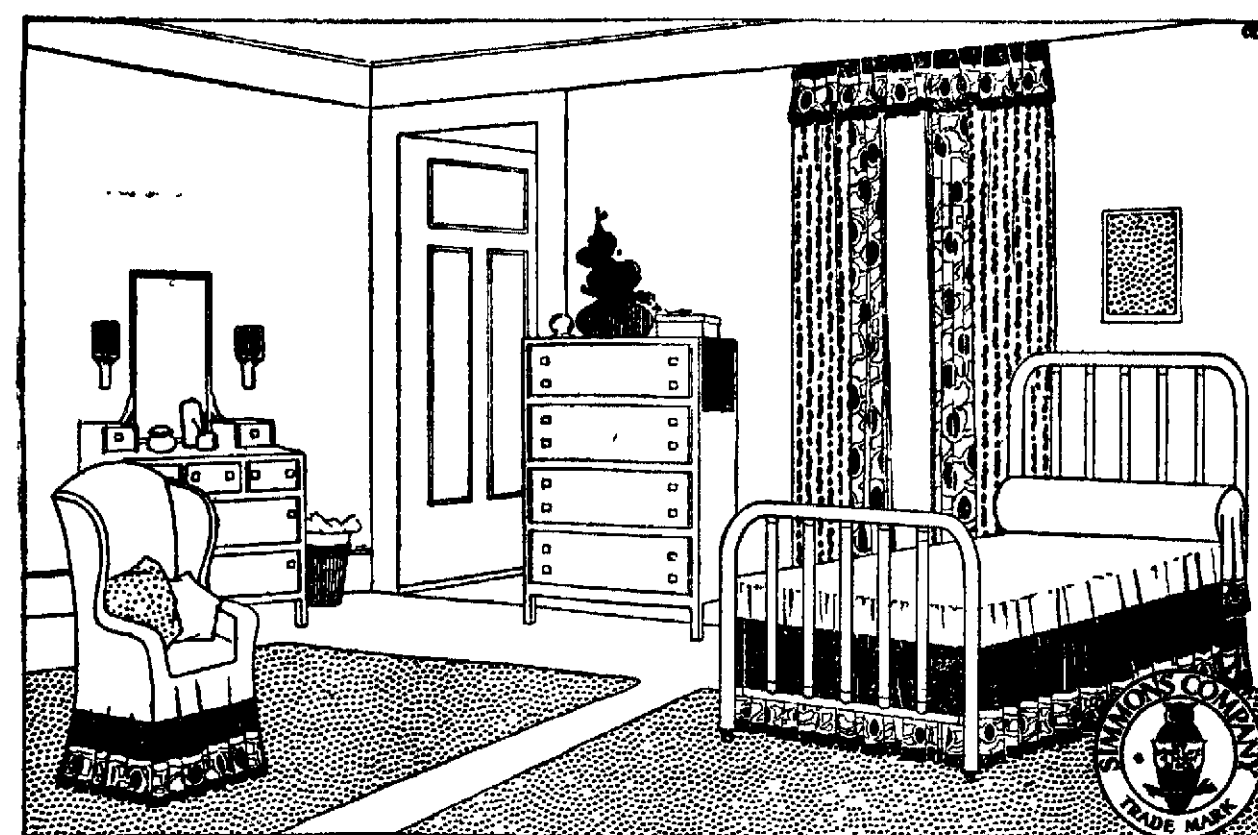

He is a curiously modest man and hates being photographed. He is immensely popular with his men whom he treats as though they were his own children. General Petain is very methodical and weighs his food every day, saying that it is as necessary for officers to be in perfect condition as for racehorses. Keeping in condition is his pet mania. He was turned out of a flat which he occupied once because he insisted on taking half an hour's exercise with a skipping rope after his bath every morning.

The result is that General Petain at sixty is as active as the youngest lieutenant in the French army. Quite recently in Champagne he covered four miles at the double at the head of a company and he prides himself on the ease with which he undergoes the same hardships and the same hard work as any man with him.

The general does not believe much in red tape, always wanting to get the most work done in the quickest way. To an officer who asked him to give him a post on the staff, General Petain said, laughing: "I don't need staff officers. The men I want are fellows who can win three-mile races on foot and ride motorcycles over rough ground." There is a legend in the Verdun army that General Petain lived and slept on the carriage of a machine gun during the first ten days of the German offensive late last February.

LABORERS IN STEEL MILLS WELL PAID; HELP IS SCARCE

[Associated Press Telegram] Youngstown, O., March 24.—Laborers in the steel mills here are paid as well as in any other place in the United States, according to P. G. Moran, managing editor of a Columbus labor paper, who has made a personal survey of the situation. Moran said here recently that the prevailing rate throughout the country for common labor is \$2 for a 9-hour day. Most of the mills here are paying more than that amount. All steel mills here, as is the case in most portions of the country, are working at tremendous speed and

WONDERFUL TALE OF AN ACTRESS

Struggled with Sickness and Discouragement; How Relieved.

Dayville, Killingly, Conn.—"I shall be glad to have every woman know what I know now, after using Lydia E. Pinkham's Vegetable Compound.

Although I am only 24 years old, I have suffered for the past eight years. I hated the doctors, for a doctor told me to give up the stage where I was playing with my husband. I had bearing down pains, my health failed me, and I could not work on the stage, and wasn't able to tend my baby or even get around myself. I was always downhearted and discontented with the world, and only lived for the sake of my little girl. The doctor said to move to some quiet little town away from the noisy city, and I might be able to live and feel well, so I went to Dayville in November. At that time I was so sick I could not walk around, and my husband kept house and I stayed in bed. One day in January I read your advertisement in a newspaper, and I sent for Lydia E. Pinkham's Vegetable Compound, and started taking it. Within two weeks time I was a different woman, could get around, and felt so good that it was a pleasure to do my housework. I felt contented and happy, and now am the picture of health, and am tempted to return to the stage. We appreciate my health as the most precious thing on earth."—Mrs. H. L. KLENNETT, Box 85, Killingly, Conn.

LITTLE DUDLEY BOY NOW STRONG AND WELL AGAIN

His Mother, of the East Pike, Tells How Nerv-Worth Brought the Lad Around.

The use of Nerv-Worth for children whose weakness and ill health are due to nervous ailments is giving this great family nerve tonic more popularity every day. Late evidence to this effect comes from Mrs. Clara C. Dudley, whose address is Box 14, R. P. D. No. 8, East Pike, Zanesville, and this is what she says and signs her name to: "Nerv-Worth Co.—For some time past our boy, who is 11 years old, was troubled with nervousness. He had a very poor appetite and was restless at night. "We gave him two bottles of Nerv-Worth and he got better at once. "HE IS STRONG AND WELL NOW and can eat and sleep fine and attends school every day. If a child of the reader is in the shape the little Dudley boy was in, the above amounts to a message of striking value. J. J. Evans, the Warden block druggist, Newark, sells Nerv-Worth and hands your dollar back if it does not help you.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to finish and stimulate sluggish kidneys also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Milady's Boudoir

So many women wish to reduce their hips that too many articles cannot be written about real reducing exercises. Here are some that will surely do the trick if persisted in. Lie on the back with the hands at the sides and arms stretched full length outlining a sweeping circle, making as large as you can possibly stretch your leg. Without resting the leg swing it at least twenty circles and then do the same with the right leg.

The next day increase the number of circles to twenty-five and add five each day until you can do one hundred. When you can swing that number, raise both legs at once and swing circles alternately but in perpetual movement, one toe at the highest point when the other is at the lowest.

Now lie down on the floor on your stomach with the feet and knees together and the hands side by side in front, with the chin and palms down. Take a long breath while counting seven, inhaling through the nose and holding the breath while lifting the full weight of the body once on the palms of the hands and on the toes. Now let the body down lightly on the floor and exhale through the mouth while counting six.

Rest in this position for a moment before taking a second lift, and this time try to raise the body twice while holding the breath. Now stand full height with hands stretched above the head as far as possible, thumbs together and palms facing forward. Without bending the knees, bend forward at the waist until the tips of the fingers touch the floor. Do this five times each night and morning until it can be done without apparent effort. If you will practice these exercises faithfully and persistently you will soon find your hips will assume a beautiful contour without sign of fat or bulkiness.

Freckle-Face

Now is the Time to Get Rid of These Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of othine, double strength, from your druggist, and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more othine is sold in this month. Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles.

FLAX PRICE SOARS.

Dublin, March 24.—Irish flax shows a remarkable rise in price. The minimum is now 200 hundred pounds per ton, as against 50 pounds per ton before the war. There has been some extension of flax growing under the advice of the agricultural department. Ireland has provided in the past only a comparatively small part of the flax used in the linen industries of Belfast. The flax used has been largely imported from Russia and Belgium.

WAR DRAWS HEAVILY ON LONDON TRAFFIC

London, March 24.—More than 4000 omnibus drivers and conductors, and 3315 cabs and ambulances have been sent to the front, the annual report of the traffic branch of the board of trade reveals. It also indicates a big decrease in the number of horse-drawn vehicles, 1159 vehicles being drawn by horses in 1914 as against 3905 in 1903.

GENERAL OTIS SERIOUSLY ILL

UNION STATION

Christian Endeavor here next Sunday evening, led by Mr. Putnam of Granville, preaching services at 7:30 o'clock.

Mr. and Mrs. David Williams and sons spent Saturday with the former's sister, Mrs. Halford Simpson and family of Newark.

Mr. and Mrs. Lee Harris and daughter Evah attended church at Newark last Sunday.

Mrs. N. C. Brown spent Monday with Mrs. James Ford.

Quite a number from this place were Newark shoppers Saturday.

Mr. and Mrs. Albert Lovell and children of Newark spent Saturday night at Sunday with the latter's parents, Mr. and Mrs. James Wear.

The Messrs. Lee Harris and son, Glenn, Mark Linsey, Franklin Reese and John Carlyle attended the wrestling match at Newark last Friday evening.

Mrs. Russel Kyle spent Sunday and Monday with relatives in Columbus.

Mr. Philip Hillbrant spent Saturday night and Sunday with his sister, Mrs. Walter Norris and family at Outville.

Several of Mr. Thomas Taylor's friends gathered at his home Tuesday, March 21, with all filled baskets to help him celebrate his 65th birthday anniversary. The dinner was all ready when Mr. Taylor went up to his home from his store, and he was much surprised. The following were present: Mr. and Mrs. N. C. Brown, Aaron Hillbrant, I. N. White, W. W. McCarty, Lee Harris, Russel Kyle, W. G. Larimore and son Edward and daughter Martha, Mrs. John Carlyle and daughters, Mrs. O. H. Hillbrant, Mrs. Fred DeFrance, Mrs. Wear, and son, Mr. Leo Gooden, Mr. Charlie Hillbrant, Mr. Wm. Eversole, Misses Pearl Weekly, Evah Harris, Erma Hillbrant. All present had a pleasant time and wished Mr. Taylor many more birthday anniversaries.

Our Boys and Girls

I know of an excellent arm and shoulder movement which every mother should encourage their children to practice, as it will counteract the tendency toward round shoulders seen in so many little ones. Stand erect, arms at sides, feet with heels close together. The child takes a long breath, and flings the arms wide, expelling the air from the lungs slowly while the arms are bent again and brought back to position, finger tips touching. Twenty times will not be too much for this good exercise.

Another fine exercise usually enjoyed by children is to lie on the back at full length and grasp the rung of a chair with the arms over the head. The legs are then drawn up to the body and thrust out vigorously, first in alternation and then both together. This is the Kicking Frog game and if the poor frog cannot get his front feet have been tied to a stick by a cruel boy, while he lies helplessly on his back, he will kick valiantly and cheerfully until advised by mother that "poor Froggy is dead."

Everyday Etiquette

"Should a man or the woman speak first when they meet on the street?" asked sixteen-year-old Edith.

"The woman should always show the first sign of recognition as this gives her a chance to continue or not an acquaintance as she thinks best," replied her aunt.

BLIND EDITOR ISSUES PAPER; USES TYPEWRITER

(ASSOCIATED PRESS TELEGRAM)

Milford, O., March 24.—C. Magee Adams, 22-year-old Ohio State University graduate, is the new editor of the weekly newspaper in this village, near Cincinnati. He is blind. He writes heads, dictates the "make-up" of the paper, edits "copy" turned in by subscribers and country correspondents, writes editorials, reports local news, and "reads" individually every line that fills four of the eight pages in his newspaper. And that is not all. The paper has been revolutionized since the blind editor took charge a month ago. Subscribers say. It is now arranged like a city daily, with elaborate heads and "boxed features." It exhibits signs of enterprise which are as unfamiliar as they are interesting to its readers. The paper is called the Valley Enterprise.

Adams uses a typewriter. An assistant reads many of the local items turned in by subscribers and he rewrites them in better news form. He attends meetings and remembers them well without taking a note. He knows the number of letters in the different styles of heads and devises them in the same manner as the editor who can see.

During spare hours he writes stories for the magazines.

It is not much more difficult for me to edit a paper than for anyone else," says Adams. He is annoyed at being considered a prodigy and is resentful of pity. He graduated last June from Ohio State University, where he took courses in the school of journalism and was a reporter on The Lantern, the student daily newspaper. His home always has been in Milford and he has been blind since the age of eleven.

Kidney Trouble Leads to Terrible Tortures

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffiness under the eyes or in the feet and ankles, nervousness tired or worn-out or headachy feeling, don't seem to realize that the greater part of sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time. It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax is pleasant to take, gives quick relief and has been so uniformly successful that T. J. Evans will in future sell it under a positive guarantee of relief or refund the money. No other kidney remedy ever had a large enough a percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the benefit of Solvax. There is no time like the present to do a thing that ought to be done. If anyone has kidney trouble today it is the best time to begin curing it.

MAPLE SYRUP SEASON DELAYED BY COLD WEATHER

(ASSOCIATED PRESS TELEGRAM)

Warren, O., March 24.—The unusually cold weather of March so far has delayed the maple syrup season several weeks. Though sugar makers usually tap their trees in the present month, sometimes in February, so far they have been unable to do so on account of Jack Frost. If warm weather should come on suddenly and remain, the 1916 maple syrup season would be an entire failure, it is said. The counties of the Western Reserve producing the largest amounts of syrup are Ashtabula, Trumbull, Mahoning, Geauga and Portage.

If Your Little Boy Has Colds Follow Piqua Lady's Advice

In Place of Internal Dosing, This Mother Finds "External" Application Best.

A few winters ago when Vick's Vap-O-Rub was first introduced in Ohio from the South, Mrs. S. B. Tobias, 615 Broadway, Piqua, was presented with a jar by her druggist, who requested that she give this preparation a thorough trial, and report the results.

Mrs. Tobias writes:—"I broke up two or three severe colds on my little seven year old boy, by simply rubbing Vap-O-Rub on his chest and throat, and putting a warm flannel cloth on top to drive it in. It pleased him as he did not have to take anything inwardly. I expect now always to keep Vick's on hand."

The experience of Mrs. Tobias is that of hundreds of Ohio mothers who

have discarded the old forms of internal dosing in favor of the external application—Vick's Vap-O-Rub. This comes in salve form, and you just apply it well over the throat and chest, covering with a warm flannel cloth. Leave the covering loose around the neck as the body heat releases the ingredients in the form of vapors. These medicated vapors, inhaled with each breath, all night long, loosen the phlegm and open the air passages. In addition, Vap-O-Rub is absorbed through and stimulates the skin, aiding the vapors inhaled to relieve the congestion. Vick's will be found superior to internal medicines for all forms of cold troubles, from head colds, catarrh or asthmatic troubles, down to deep chest colds, sore throat, grippe, bronchitis or incipient pneumonia. In addition, it will be found a wonderfully soothing and cooling application for surface inflammations, such as burns, bruises, stings, piles, itchings and muscular soreness. Three sizes, 25c, 50c or \$1.00, at all druggists.

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"PAPE'S DIAPEPSIN" ENDS ALL STOMACH DISTRESS IN FIVE MINUTES.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-door stomach surely within five minutes.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

CANNONADE

By French in Argonne District Results in Slight Gain—Other Districts Quiet.

(Associated Press Telegram)

Paris, March 24, 11:45 a. m.—There has been no change in the situation around Verdun since yesterday, according to the war office announcement of this afternoon. West of the Meuse the night was calm. East of the river there were intermittent bombardments.

The text of the statement follows: "In the Argonne district our batteries last night cannonaded with energy the enemy positions in the wood of Malancourt. Near Hill No. 285 we caused the explosion of a mine and occupied the resulting crater."

West of the River Meuse the night passed quietly. East of the river there was intermittent bombardment in the vicinity of Douaumont and Damloup.

"In the Woëvre district there have been some outbursts of artillery fire in the sectors of Moulainville, both sides taking part."

"There has been no other development of importance on the rest of the front."

CHICAGO GIRL RESCUED FROM BAND OF GYPSIES

(Associated Press Telegram)

Clarksville, W. Va., March 24.—Rescued from a gypsy band that has been quartered here all winter, Annie Awfrancio, a 15-year-old Brazilian girl of Chicago, is on her way to that city today. The girl claimed that she had been kept a prisoner under threats of death and that she had been affianced to one of the gypsies.

HIGH SCHOOL BOYS IN GOOD ENTERTAINMENT

Annual Minstrel Show Entertains Large Crowd at Auditorium Last Night—Repeat Show Tonight.

The annual High School Minstrel was given at the High School Auditorium on Thursday evening and will be repeated this evening. It is given each year under the auspices of the Athletic Association of the school and the proceeds are devoted to the work of the association.

Thursday night's production was a very clever one, the repartee being bright and snappy and the large chorus showed excellent training. The executive committee was composed of Prof. C. W. Kloppe and L. G. Millison, the former being director of the show, and to him is due great credit for the success of the production as a whole. The large chorus gave a medley of several numbers, which were marked by richness of tone and wealth of volume.

The personnel of the chorus follows: Harold Hulshizer, James Baruxes, William O'Brien, Harold Priest, Isaac Emmons, Clarence Herrell, Chas. H. Wilson, Harry Wolsten, George Hiett, Merrill Larsen, Leon Pflieger, Lester Handel, Charles Mayer, Frederick Cross, Carl Kaiser, Roy Sells, Raymond Paulson, Russell Tharp, Willis Walker, Robert Jones, Donald Power, Ralph Wolsten, Amos Blane, Homer Dapler, Cloyd McCoy, Karl Jackson, Floyd Porter, Dewey Smith, Stewart Leeman, James Miller, Walter Schamp.

The six funny men on the ends, Carlisle Conrad, David Thompson, Frederick Cross, Edwin Essington, Paul Taylor and Adee Belt were garbed in red satin suits and skily responded to the interrogations of the interloper, Wilbur Grandie. The two premier and men, William Bliss and Isaac Emmons were originally introduced, being dropped from the files on ropes. They wore polka dotted suits of black and white and both men were decidedly clever in their antics. Isaac Emmons scored a hit with his song "The Colored Band" and William Bliss was very funny in his rendition of "Nebber You Min' Ma Honey."

Sheldon Eckfeld, who possesses a pleasing voice, sang two numbers, "Somewhere a Voice is Calling" and "Love's Own Sweet Song" from Earl.

In the olio the numbers were exceptionally entertaining the pickinny quartet being enthusiastically cheered. The following is the olio program:

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

LOOK, MOTHER! IF TONGUE IS COATED GIVE "CALIFORNIA SYRUP OF FIGS."

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When, its little system is full of cold, throat sore, has stomachache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Fig Syrup Company."

FRANKLIN

Donald Keyes of Newark was a guest over Sunday at the home of W. H. Miller.

Mrs. Carl Moherspaw and little children have been seriously ill the past ten days but are improving.

The many friends here of Mrs. Perry Woolard will be glad to hear of her improved condition the past few days.

J. W. L. Moherspaw is confined to his home with a very severe cold.

There was a fair attendance at Franklin Grange Thursday night. Several candidates were initiated in the first and second degrees.

Margaret Osburn is recovering from a light attack of the chicken-pox.

Miss Chloe Patterson of Columbus was a guest over Sunday at the home of Benson Richards.

The pupils of the Lutheran school are elated over the large flag which they recently obtained through their success in selling a quantity of lead pencils.

This community was shocked to hear Tuesday evening of the sudden death of George T. (Judy) Grove, a life-long resident of this township.

The social at the Lutheran church Tuesday evening was quite well attended, considering the weather. The entertainment consisted of several sections by a male quartet and an address by Rev. G. B. Schmitt, pastor of St. Paul's church, Newark, which was thoroughly enjoyed. Refreshments were served and a social hour enjoyed by all.

Several of our farmers are preparing to improve their places with new buildings this summer.

Regular services at the Lutheran church next Sunday promptly at 10:30 a. m. At the close of the service there will be an election of officers for the Sunday school for the ensuing year.

ITALIAN HELD FOR MURDER AT SANDUSKY.

(Associated Press Telegram)

Toledo, March 24.—Joe Pascho, 23, arrested last night by city detectives, was being held today in connection with the murder of an Italian at Sandusky Monday night.

Pascho's eagerness to secure a copy of a Sandusky newspaper resulted in his arrest. Police say he answers to the description of the alleged murderer. Sandusky officers will come here today to identify him.

MANSLAUGHTER VERDICT.

Akron, March 24.—John Nelson, aged 28, tried this week on a charge of second degree murder, was found guilty last night by a jury on a charge of manslaughter. The jury returned a verdict after 65 minutes deliberation.

Nelson was indicted for killing the 10-month-old daughter of Mrs. Sadie Knecht, where he roomed and boarded. The killing occurred last June. Mrs. Knecht, mother of the child, found her baby dying on a bed where Nelson had been amusing her. He offered to put the child to sleep.

MILITARY MAN DEAD.

Cleveland, March 24.—Colonel Felix Rosenberg, aged 72, veteran of the civil and Spanish-American wars and for many years a prominent figure in Cleveland, died yesterday after a short illness. He had been a newspaper writer for years.

Colonel Rosenberg was a member of the Ancient and Honorable Artillery of Boston, the Army and Navy Club, the Spanish War Veterans, the Confederate Veterans, Ohio National Guard and the Cleveland Grays.

He is survived by a wife and one daughter.

ROOSEVELT BACK FROM A VOYAGE TO WEST INDIES

(Associated Press Telegram)

New York, March 24.—Colonel and Mrs. Theodore Roosevelt are due to arrive here this afternoon on the steamship Matura, returning from a six weeks' journey through the West Indies. It was expected that Colonel Roosevelt would go at once to his Oyster Bay home.

Colonel Roosevelt has two speaking dates for the near future, one a definite promise to address the Illinois State Bar Association at Chicago, April 29. The other is a tentative engagement to speak before the Detroit Chamber of Commerce in the first week in April.

The headache, the lassitude, the sallow skin, and the lusterless eyes are usually caused by constipation. An ideal remedy for women, and one that is especially suited to their delicate organisms, is found in Dr. Caldwell's Syrup Pepsin, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 522 North Liberty St., Indianapolis, Ind., says: "It is simply fine; I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsin. I started using it for the baby and now it is my family standby in all cases where a laxative is needed."

The headache, the lassitude, the sallow skin, and the lusterless eyes are usually caused by constipation. An ideal remedy for women, and one that is especially suited to their delicate organisms, is found in Dr. Caldwell's Syrup Pepsin, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 522 North Liberty St., Indianapolis, Ind., says: "It is simply fine; I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsin. I started using it for the baby and now it is my family standby in all cases where a laxative is needed."

Dr. Caldwell's Syrup Pepsin is sold in all drug stores.

that Colonel Roosevelt would go at once to his Oyster Bay home.

Colonel Roosevelt has two speaking dates for the near future, one a definite promise to address the Illinois State Bar Association at Chicago, April 29. The other is a tentative engagement to speak before the Detroit Chamber of Commerce in the first week in April.

ITALIAN HELD FOR MURDER AT SANDUSKY.

(Associated Press Telegram)

Toledo, March 24.—Joe Pascho, 23, arrested last night by city detectives, was being held today in connection with the murder of an Italian at Sandusky Monday night.

Pascho's eagerness to secure a copy of a Sandusky newspaper resulted in his arrest. Police say he answers to the description of the

Society

Mrs. Martin Luther was the entertaining hostess to the members of the Sunshine club Thursday afternoon at her home in Maholm street. After the business had been transacted, sewing was indulged in and music was rendered by Miss Hazel Whitaker. A contest was held in which Mrs. H. E. Collins and Mrs. E. L. Curry were the lucky ones. Delicious refreshments were served the members and guests: Mrs. Chas. Brubaker, Mrs. N. Criticos, and Miss Hazel Whitaker.

The next meeting will be held April 6 at the home of Mrs. Lee Pemberton in West Church street.

Mrs. C. F. Wendelken was hostess

to the Elite Crochet club at her home in Main street. After the business session and roll call, the rest of the afternoon was spent in crocheting and contests. Miss Esther Squiggins and Mrs. Henry Storch favored the club with several plans and vocal selections. Lunch was served to the members and following guests: Mrs. C. L. V. Holtz and Mrs. Ross Lynn and Esther Squiggins.

The next regular meeting will be with Mrs. George Hamilton, 418 Eastern avenue.

The Happy Circle club met at the home of Misses Ruth and Helen Steen in honor of Helen's fifth birthday anniversary. The time was spent in playing games and refreshments were served to the following members and guests: Mary Emily Kerr, Ada Andrews, Izella Phenie, Clara Bell Johns, Menerva Weekly,

Helen Moore, Ruth Steen, Helen Steen and the guests, Jaunita Hupp, Bertha Thompson, and Ronald Hupp. The next meeting will be held at the home of Ada Andrews.

Mrs. Melvin Parker was hostess to the Sesame club Wednesday afternoon at her home in Grant avenue. The time was spent with crochet work, all members of the club being present. A delicious luncheon was served the members and following guests: Mesdames Ed. Pound, John Parker, Lydia Spooner of Columbus and Miss Ora Price of Rushville, O. The next meeting of the club will be with Mrs. Richard Ingram in Cedar street, April 5.

MRS. FIELD WILL LEAD ORCHESTRA AT AUDITORIUM

Mrs. Alta Field, leader of Field's orchestra, has signed a contract to play the piano and to lead the Auditorium orchestra of four pieces. Mrs. Field will enter upon her new duties Monday. The Auditorium orchestra after Monday will be composed of the following musicians: Mrs. Field, piano; Guy Risher, violin; John Bergano, clarinet, and Oscar Lampton, drums.

Mrs. Field announces that in addition to the Triangle feature music, the orchestra will introduce all the latest and classical music published, and that each day a splendid musical program will be arranged.

Obituary

George Miku.
George Miku, 51, laborer, 183 Van Voorhis street, died late Thursday night at the Sanitarium, following an illness of several weeks. The body was taken to the Bradley undertaking parlors in North Fourth street and prepared for burial. Funeral arrangements have not been made.

The deceased came to this country two years ago and has been employed as a laborer at the Wehrle stove plant. He made his home with Tony Morgou. He has two daughters living in the old country.

Mrs. Huff's Funeral
The body of Mrs. Mary Huff, who died Tuesday at St. Petersburg, Fla., passed through Newark today en route to Coshocton. She was the daughter of the late Rev. I. B. Dillon. Funeral services will be held in Coshocton Sunday afternoon at 2:30 o'clock.

Allen Evans.
Allen Evans, 71, well known Baltimore and Ohio employee, died early this morning at his home, 68 Maholm street, following an illness of three days. Death was due to paralysis. Funeral services will be held from the home Monday afternoon at 1:30 o'clock. Interment will be made in Cedar Hill cemetery.

Mr. Evans for forty years had been connected with the Baltimore & Ohio railroad company and spent the greater part of these years employed in the freight house. Tuesday he suffered a stroke of paralysis which resulted in his death.

Allen Evans was born in Wales, August 14, 1844, and came to this country 45 years ago. He was for many years a member of the local order of Odd Fellows. He leaves to mourn his death two daughters, Mrs. Jennie Borroway and Daisy Evans, at home, one son, Charles Evans, of Cleveland, and six grandchildren.

Mrs. Fred Harris
Mrs. Rosa Harris, wife of Fred Harris of 162 Twelfth street died Friday morning at 3:00 o'clock after a lingering illness of over a year.

Rosa Odendahl Harris, daughter of Mr. and Mrs. John Odendahl, was born August 22, 1858 in Shawnee. She leaves, besides her husband, two children, Billy and Helen, her mother, and one sister, Mrs. Carl Seigle and six brothers, Charles, Albert, of Piqua, Fred, Henry, Patrick and Joseph.

The funeral services will be held Monday morning at St. Francis de Sales church, at 8:00 o'clock. Interment in Mt. Calvary cemetery.

URGES RETURN OF WORSHIP IN FAMILY CIRCLE

The sermon on "Home" brought out another good crowd at the Maple Avenue C. U. church last night. Rev. Mr. Ackley was at his best, and forcibly drove the truth home to the people, using the sixth chapter of Deuteronomy as a basis for his sermon. A strong plea was made for the return of the old family altar, more Bible reading and study in the home.

The solo by Chorister Ackley was well received. The following announcements were made: Tonight, "A Secret Subject." No services Saturday night. Sunday morning, subject, "Heaven, Sunday afternoon, "Beet and Booz." Sunday evening, "Unpardonable Sin." Persons will be received into church fellowship at the morning service Sunday.

The Sick.

William Sasser is quite ill at his home on South Second street.

Dan Maunig, who has been quite ill at his home in Fleek avenue, is now able to be out.

The condition of Mrs. H. P. Martin, wife of Dr. H. P. Martin of Hudson avenue, who has been critically ill, is now improving.

The Courts

Divorce Petition.
Harry Smith has been made the defendant in an alimony suit filed by Mabel N. Smith in the court of common pleas. The petition recites that the parties were married May 24, 1911, and are the parents of two children, aged four and nineteen months. The plaintiff alleges that defendant has been guilty of cruelty, in that in the month of February, 1914, he threw a chair at plaintiff, striking her upon the legs; that he has called her vile and indecent names and that he has failed to provide for her for the last two years; plaintiff also charges defendant has been guilty of adultery and names the correspondent. Plaintiff asks that upon a hearing of the case permanent alimony be awarded her and that she be given the care, custody and control of the minor children.

Justice Jones' Court.
Constable Emmet Forgraves of Justice D. M. Jones' court went to Buckeye Lake yesterday and arrested John Finkle, charged with illegal fishing in an affidavit subscribed to by Deputy Fish and Game Warden Frank Malinsky. Finkle pleaded not guilty when arraigned by Justice Jones and his hearing was set for Wednesday, April 5. He was admitted to bail in the sum of \$100.

Ditch Hearing.
County Commissioners Jos. H. Orr, Frank R. Dumm and Orville Kiger heard the county engineer's report on the Lee Rice ditch for Monroe township yesterday. It occupying the greater part of the day. About thirty freeholders of those interested were heard by the board after which the ditch was granted and the findings on the report of the engineer will be made on April 15 by the board, at which time a readjustment according to benefits derived will be made by the board.

CRASHED THROUGH ELEVATOR

The overhead machinery in a freight elevator in the Scott building in Hudson avenue became loosened as the elevator was nearing the basement shortly after 2 o'clock this afternoon and crashed through the elevator shaft to the first floor, landing on the elevator platform.
 At the time of the accident Mr. Scott was in the basement waiting for the descent of the elevator and Zant Baughman, an employee, was standing on the first floor. The falling machinery barely missed Mr. Baughman as he was standing in the elevator entrance, in fact, it brushed his clothes. Had he been struck by the heavy iron work undoubtedly he would have been killed.
 Mr. Scott states that the damage will not exceed \$50.

RICKETT HELD TO GRAND JURY; HEARING TODAY

Claude M. Rickett, the Baltimore & Ohio engineer arrested Tuesday on a charge of forgery on two counts, was held to the grand jury by Mayor Bigbee late this afternoon. The bond on each count was placed at \$300.

The hearing was held in the mayor's office and was attended by more than a hundred railroad employees. Eight witnesses were examined and following their testimony, Mayor Bigbee stated that he believed the evidence sufficient to hold Rickett to the grand jury. Attorney James F. Linzafelter represented the defendant, and Attorney Edward Kibler, Jr., prosecuted the case.

MR. RENTER—With your rent the landlord buys another house and rents it. Evidence of good judgment and thrift, on the part of the owner.

Why not be an owner? A permanent residence identifies you with the community interests, creates a larger and broader citizenship. Life is too short for you to waste your time, your opportunities, your money as a renter. The employer prefers a permanent and thrifty employee.

NASAL CATARRH HELPED BY TANLAC

WM. McMULLEN, TELEGRAPH
OPERATOR FOR B. & O. R.
RECOMMENDS IT.

Says Tanlac As Catarrh Preparation
in His Judgment is
Excellent.

Everybody in Newark knows Mr.
William McMullen, telegraph oper-
ator for the B. & O. railroad, and
they know him to be a conservative,
valuable, trustworthy gentleman and
an excellent citizen. Of the Master
Medicine, Tanlac, Mr. McMullen
says:

"I had a case of nasal catarrh
that worried me no little. The drop-
ping of mucus into my throat was
particularly annoying. Since taking
Tanalac I am much improved and
have only started on my second bot-
tle. I take pleasure in endorsing
Tanalac as a catarrh preparation."

Tanalac is just as effective in
stomach, liver and kidney troubles,
rheumatism and the after effects of
lagrippe and pneumonia, and is a
great nerve and upbuilding tonic
and system purifier. Tanlac is dem-
onstrated at Hall's Drug Store and
is for sale at Utica by P. H. Rich-
ardson; Granville, by W. P. Ullman;
Hebron, by the Hebron Drug Co.;
Pataskala, by J. R. Stone, and
Johnstown by C. S. Howard. Adv.

Says We Become Cranky On Hot Water Drinking

Hopes Every Man and Woman
Adopts This Splendid Morning
Habit.

Why is man and woman, half the
time, feeling nervous, despondent,
worried; some days headachy, dull
and untidy; some days really in-
capacitated by illness.

If we all would practice inside-
bathing, what a gratifying change
would take place. Instead of thou-
sands of half-sick, anaemic-looking
souls with pasty, muddy complexions
we should see crowds of happy,
healthy, rosy-cheeked people every-
where. The reason is that the
human system does not rid itself
each day of all the waste which it
accumulates under our present mode
of living. For every ounce of food
and drink taken into the system
nearly an ounce of waste material
must be carried out, else it ferments
and forms promaine-like poisons
which are absorbed into the blood.

Just as necessary as it is to clean
the ashes from the furnace each
day, before the fire will burn bright
and hot, so we must each morning
clear the inside organs of the pre-
vious day's accumulation of indiges-
tible waste and body toxins. Men
and women, whether sick or well,
are advised to drink each morning,
before breakfast, a glass of real hot
water with a teaspoonful of lime-
stone phosphate in it, as a harmless
means of washing out of the stom-
ach, liver, kidneys and bowels the
indigestible material, waste, sour
bile and toxins; thus cleansing,
sweetening and purifying the entire
alimentary canal before putting more
food into the stomach.

Millions of people who had their
turn at constipation, bilious attacks,
acid stomach, nervous days and
sleepless nights have become real
cranks about the morning inside
bath. A quarter pound of limestone
phosphate will not cost much at the
drug store, but is sufficient to dem-
onstrate to anyone, its cleansing,
sweetening and refreshing effect up-
on the system.

Read the Wants tonight.

A Manufacturer's Display
of Silk Skirts
and Fancy Skirts
For Summer

We will have on display tomorrow an unusually attractive line of skirts, including fine silk skirts, striped wash skirts, linen skirts and all the newest things for the coming summer.

We will be glad to have as many as are interested in the new styles for summer come in tomorrow.

THE DISPLAY IS FOR SATURDAY ONLY

"Dress-Up Week"

Next week will be known the country over as Dress-Up Week. The idea, which originated with a proclamation issued by the manufacturers throughout the United States, is to bring your personal appearance up to a higher standard. People all over the country will be entering into the spirit of the movement, and all the stores will have their spring fineries displayed in an attractive manner, in their show windows, and also throughout the various departments.

If You Are Not Prepared To Look Your Best.

You should make your plans at once. It's a real pleasure to wear the new styles while they are new, not only because you have the satisfaction of being one of the first to introduce the new season's showing, but you also get the full season's wear out of your garments. Then again, you have the benefit of complete assortments. You will find all that is new in Suits, Coats, Dresses, Separate Skirts, Blouses and Silk Petticoats. Make your selection tomorrow and be ready to join in the festivities of "DRESS-UP WEEK."
